

K-LOVE is the only radio station that I listen to and that I believe is fit for my family to listen to. Without K-LOVE in our area so many people will be forced to turn back to listening to secular music which isn't in the best interest of the families in our community. By switching to an LPFM broadcaster, our community would no longer have access to the positive and uplifting message that is brought to us by the K-LOVE radio station.

Thank you for the opportunity to voice our thoughts on this matter and please allow K-LOVE to continue it's service to our community.
